**INFORMATION STATEMENT PURSUANT TO SECTION 14(c)
OF THE SECURITIES EXCHANGE ACT OF 1934 AND RULE 14c-2 THEREUNDER**

NO VOTE OR OTHER ACTION OF STOCKHOLDERS IS REQUIRED IN CONNECTION WITH THIS INFORMATION STATEMENT.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

Cemtrex, Inc., a Delaware corporation (“we”, “us” or “our”) is sending this Information Statement solely for the purpose of informing our stockholders in the manner required under Regulation 14(c) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), of the actions taken by the holders of a majority of our outstanding shares of our classes of voting stock of the Company, Common Stock, par value \$0.001 per share (the “Common Stock”), Series A Preferred Stock, par value \$0.001 (the “Series A Preferred”), and Series 1 Preferred Stock, par value \$0.001 (the “Series 1 Preferred”), by written consent in lieu of a special meeting. No action is requested or required on your part.

What actions were taken by the written consent in lieu of a special meeting?

Our Board of Directors (the “Board”) has approved, and stockholders holding at least a majority of the issued and outstanding shares of our classes of voting stock have approved, by written consent in lieu of a special meeting: (i) an amendment to our Certificate of Incorporation to authorize a reverse split of the Company’s outstanding shares of common stock, par value \$0.001 per share, with a split ratio of between 1 for 2 and 1 for 10, which will be determined by the Board of Directors at any time or times for a period of 12 months after the date of the written consent (the “Reverse Split”) (ii) the issuance of 20,000 shares of common stock, a warrant to purchase 200,000 shares of common stock, Series B Preferred Stock, and the potential issuance of common stock underlying such Series B Preferred Stock, which would represent 20% or more of the outstanding shares of common stock (the “Issuance of Preferred Stock”).

Additional information regarding the Reverse Split is set forth below under “APPROVAL OF THE REVERSE SPLIT”.

Additional information regarding the Issuance of Preferred Stock is set forth below under “APPROVAL OF THE ISSUANCE OF PREFERRED STOCK.”

How many shares were voted for the actions?

The Reverse Split was approved by our Board on April 29, 2019, and by our stockholders pursuant to action taken by majority written consent dated April 29, 2019 (the “Record Date”). The approval of the Reverse Split by written consent of stockholders in lieu of a special meeting requires the consent of the holders of at least a majority of our outstanding shares of Common Stock and Preferred Stock as of the Record Date. As of the Record Date, 16,018,696 shares of our Common Stock were issued and outstanding. Each share of our Common Stock is entitled to one vote. As of the Record Date 1,000,000 shares of our Series A Preferred were issued and outstanding. Each share of our Series A Preferred is entitled to the number of votes equal to (i) the total number of shares of Common Stock outstanding at the time of such vote multiplied by 1.01, and divided by (ii) the total number of shares of Series A Preferred Stock outstanding, which amounts to an aggregate of 16,178,883 votes as of the Record Date. As of the Record date 2,110,718 shares of Series 1 Preferred were issued and outstanding. Each share of Series 1 Preferred is entitled to two votes, which amounts to an aggregate of 4,221,436 votes.

Based on the foregoing, as of the Record Date, the total aggregate amount of votes entitled to vote regarding the approval of the Reverse Split and Issuance of Preferred Stock was 36,419,015. Pursuant to Delaware General Corporation Law, at least a majority of the voting equity of the Company, or at least 18,209,508 votes are required to approve the corporate actions by written consent. The majority of our shareholder voting power, which held 20,691,711 votes equal or approximately 57% of the voting equity of the Company, have voted in favor of the corporate actions, thereby satisfying the requirement pursuant to Delaware General Corporation Law that at least a majority of the voting equity vote in favor of a corporate action by written consent.

The following table sets forth the names of the holders of the Common Stock, the Series A Preferred Stock and the Series 1 Preferred Stock, the number of shares of Common Stock, the Series A Preferred Stock and the Series 1 Preferred Stock held by such holder, the total number of votes that such holder voted in favor of the corporate actions and the percentage of the issued and outstanding voting equity of the Company that voted in favor thereof:

Name of Voting Stockholder	Class of Stock	Number of Shares held	Number of Votes held by such Stockholder	Number of Votes that Voted in Favor of the Reverse Split and Issuance of Preferred Stock	Percentage of the Voting Equity that Voted in Favor of the Reverse Split and Issuance of Preferred Stock

STOCKHOLDER RESOLUTION NO. 1 APPROVAL OF THE REVERSE SPLIT

The Reverse Split Amendment

Our Board and stockholders granted the Board discretionary authority within the next twelve (12) months to file a Certificate of Amendment to the Certificate of Incorporation to effectuate the Reverse Split (the "Reverse Split Amendment") of all of our issued and outstanding shares of common stock at an exchange ratio of not less than 1-for-2 and not more than 1-for-10, which we sometimes refer to as the Reverse Split. The form of the Reverse Split Amendment is attached to this Information Statement as Appendix A.

Background and Reason for the Reverse Split

The Board of Directors has the authority, but not the obligation, in its sole discretion and without any further action on the part of the stockholders, to effect the Reverse Split within this range at any time it believes to be most advantageous to our Company and stockholders in the next 12 months. The exact ratio of the Reverse Split, if effected, would be set at a whole number within the range as determined by the Board of Directors in its sole discretion. The Reverse Split Amendment would not change the number of authorized shares of our common stock and the par value of our common stock would remain at \$0.001 per share. As of the date of this Information Statement, we do not have any current plans, arrangements or understandings related the issuance of any additional shares of common stock that will become newly available as a result of the Reverse Split.

The Company received a notification letter from the Listing Qualifications Department of The Nasdaq Stock Market LLC ("Nasdaq") on January 9, 2019, notifying the Company that, because the closing bid price for the Company's common stock listed on Nasdaq was below \$1.00 for 30 consecutive trading days, the Company no longer meets the minimum bid price requirement for continued listing on The Nasdaq Capital Market under Nasdaq Marketplace Rule 5550(a)(2), requiring a minimum bid price of \$1.00 per share (the "Minimum Bid Price Requirement").

In accordance with Nasdaq Marketplace Rule 5810(c)(3)(A), the Company has a period of 180 calendar days from the date of notification, or until July 8, 2019, to regain compliance with the Minimum Bid Price Requirement during which the stock will continue to list on the Nasdaq. If at any time before July 8, 2019 the bid price of the Company's common stock closes at or above \$1.00 per share for a minimum of 10 consecutive business days, Nasdaq will provide written notification that the Company has achieved compliance with the Minimum Bid Price Requirement.

The Reverse Stock Split would potentially increase our bid price such that we meet the Minimum Bid Requirement required for maintaining the listing requirements for the Nasdaq Capital Market. We currently do not meet the Nasdaq Minimum Bid Requirement. The Reverse Stock Split will not cause us to meet all of the listing requirements for Nasdaq. However, we believe the Reverse Stock Split will increase our stock price which may help us move towards eventually meeting the Minimum Bid Requirement. We can provide no assurances that the Reverse Stock Split will have a long-term positive effect on the market price of our common stock, or increase our ability to be maintain listing for trading on Nasdaq.

We believe that enabling our Board of Directors to set the ratio within the stated range will provide us with the flexibility to implement the Reverse Split in a manner designed to maximize the anticipated benefits for our stockholders. In determining a ratio, if any, our Board of Directors may consider, among other things, factors such as:

- the listing requirements of Nasdaq;
- the historical trading price and trading volume of our common stock;
- the number of outstanding shares of our common stock;
- the then-prevailing trading price and trading volume of our common stock and the anticipated impact of the Reverse Split on the trading market for our common stock; and
- prevailing general market and economic conditions.

Depending on the ratio for the Reverse Split determined by our Board of Directors, no less than 2 and no more than 10 shares of existing issued and outstanding common stock, as determined by our Board of Directors or a committee thereof, will be combined into one share of common stock. The Reverse Split Amendment, if any, will effect only the Reverse Split Ratio within such range determined by our Board of Directors to be in the best interests of our stockholders.

The Board will retain the authority not to effect the Reverse Split even though it has already obtained stockholder approval. Thus, the Board, at its discretion, may cause the filing of the Reverse Split Amendment to effect a Reverse Split or abandon it and effect no Reverse Split if it determines that such action is not in the best interests of our Company and stockholders.

Purpose of the Reverse Split

The Board of Directors is notifying stockholders of the proposed Reverse Split in connection with the plan to maintain listing our common stock on Nasdaq. The Board believes the consummation of the Reverse Split and the continued listing of our common stock on Nasdaq will make our common stock more attractive to a broader range of institutional and other investors. Accordingly, for these and other reasons described in this Information Statement, we believe that effecting the Reverse Split is in the Company's and our stockholders' best interests.

We believe that the Reverse Split will improve our ability to maintain listing on Nasdaq. Nasdaq requires, among other items, an initial bid price of least \$4.00 per share and following initial listing, maintenance of a continued price of at least \$1.00 per share. A decrease in the number of outstanding shares of our common stock resulting from a Reverse Split should, absent other factors, increase the per share market price of our common stock, although we cannot provide any assurance that our minimum bid price would remain over the Minimum Bid Price Requirement of Nasdaq following the Reverse Split.

Additionally, we believe that the Reverse Split will make our common stock more attractive to a broader range of institutional and other investors, as we have been advised that the current market price of our common stock may affect its acceptability to certain institutional investors, professional investors and other members of the investing public. As previously discussed, many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. In addition, some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Moreover, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. We believe that the Reverse Split will make our common stock a more attractive and cost effective investment for many investors, which will enhance the liquidity of the holders of our common stock.

Reducing the number of outstanding shares of our common stock through the Reverse Split is intended, absent other factors, to increase the per share market price of our common stock in order to attract new investors and meet the Minimum Bid Price Requirement of Nasdaq. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our common stock. As a result, we cannot assure you that the Reverse Split, if completed, will result in the intended benefits described above, that the market price of our common stock will increase following the Reverse Split or that the market price of our common stock will not decrease in the future. Additionally, we cannot assure you that the market price per share of our common stock after a Reverse Split will increase in proportion to the reduction in the number of shares of our common stock outstanding before the Reverse Split. Accordingly, the total market capitalization of our common stock after the Reverse Split may be lower than the total market capitalization before the Reverse Split.

Procedure for Implementing the Reverse Split

The Reverse Split, if effected, would become effective upon the filing (the "Effective Time") of the Reverse Split Amendment with the Office of the Secretary of State of the State of Delaware. The Reverse Split Amendment will implement the exchange ratio (of not less than 1-for-2 nor more than 1-for-10) as determined by the Board of Directors prior to the Effective Time. The exact timing of the filing of Reverse Split Amendment will be determined by our Board of Directors based on its evaluation as to when such action will be the most advantageous to the Company and our stockholders. In addition, our Board of Directors reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Split if, at any time prior to filing the Reverse Split Amendment, our Board, in its sole discretion, determines that it is no longer in our best interest and the best interests of our stockholders to proceed with the Reverse Split.

Effect of the Reverse Split on Holders of Outstanding Common Stock

The Reverse Split will not affect any stockholder's percentage ownership interest in our Company, except as described below in "Fractional Shares." Record holders of our common stock otherwise entitled to a fractional share as a result of the Reverse Split because they hold a number of shares not evenly divisible by the Reverse Split Ratio will automatically be entitled to receive an additional fraction of a share of our common stock to round up to the next whole share. In addition, the Reverse Split will not affect any stockholder's proportionate voting power (subject to the treatment of fractional shares as discussed herein).

The Reverse Split will not change the terms of our common stock. After the Reverse Split, the shares of our common stock will have the same voting rights and rights to dividends and distributions and will be identical in all other respects to our common stock now authorized. Our common stock will remain fully paid and non-assessable.

After the effective time of the Reverse Split, we will continue to be subject to the periodic reporting and other requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Reverse Split is not intended as, and will not have the effect of, a "going private transaction" as described by Rule 13e-3 under the Exchange Act.

After the Effective Time of a Reverse Split, the post-split market price of our common stock may be less than the pre-split price multiplied by the Reverse Split Ratio. In addition, a reduction in number of shares of our common stock outstanding may impair the liquidity for our common stock, which may reduce the value of our common stock.

The availability of a substantial number of authorized but un-issued shares of our common stock resulting from the Reverse Split, under various scenarios, may be construed as having an anti-takeover effect by permitting the issuance of shares of our common stock to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions in our Articles of Incorporation or bylaws as then in effect. The proposal to effectuate the Reverse Split did not result from our knowledge of any specific effort to accumulate our securities or to obtain control of us by means of a merger, tender offer, proxy solicitation in opposition to management or otherwise, and our Board of Directors did not authorize the Reverse Split to increase the authorized shares of our common stock to enable us to frustrate any efforts by another party to acquire a controlling interest or to seek representation on our Board of Directors.

In addition, the Reverse Split will increase the number of stockholders of the Company who own odd lots (less than 100 shares). Stockholders who hold odd lots typically will experience an increase in the cost of selling their shares, as well as possible greater difficulty in effecting such sales. Consequently, there can be no assurance that the Reverse Split will achieve the desired results that have been outlined above.

Beneficial Holders of Common Stock

Upon the implementation of the Reverse Split, we intend to treat shares held by stockholders through a bank, broker, custodian or other nominee in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers, custodians or other nominees will be instructed to effect the Reverse Split for their beneficial holders holding our common stock in street name. However, these banks, brokers, custodians or other nominees may have different procedures than we have instituted for registered stockholders for processing the Reverse Split. Stockholders who hold shares of our common stock with a bank, broker, custodian or other nominee and who have any questions in this regard are encouraged to contact their banks, brokers, custodians or other nominees.

Registered “Book-Entry” Holders of Common Stock (i.e., stockholders that are registered on the transfer agent’s books and records but do not hold stock certificates)

Some of our registered holders of common stock may hold their shares electronically in book-entry form with the transfer agent. These stockholders do not have stock certificates evidencing their ownership in our common stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

If your shares of common stock are held in book-entry form, you will receive a transmittal letter from our transfer agent, who is also acting as our exchange agent in connection with our Reverse Split, as soon as practicable after the Effective Time. The letter of transmittal will contain instructions on how to receive your post-Reverse Split shares of common stock electronically in book-entry form under the Direct Registration System (DRS). Shareholders will need to return to our transfer agent a properly executed and completed letter of transmittal in order to receive their new book-entry statement representing post-reverse split shares of common stock. The post-reverse split shares of common stock will contain the same restrictive legends as the pre-reverse split shares.

Holders of Certificated Shares of Common Stock

Shareholders holding shares of the Company’s common stock in certificated form will be sent a transmittal letter by the Company’s transfer agent after the Reverse Split is effective. The letter of transmittal will specify instructions regarding how a shareholder should surrender his, her or its certificate(s) representing the Company’s common stock to our transfer agent in exchange for certificates representing the appropriate number of whole shares of post-Reverse Split common stock. No new certificates will be issued to a shareholder until such shareholder has surrendered all old certificates, together with a properly completed and executed letter of transmittal, to our transfer agent. No shareholder will be required to pay a transfer or other fee to exchange his, her or its old certificate(s). Shareholders will then receive new certificates representing the number of whole common shares that they are entitled to as a result of the Reverse Split, subject to the treatment of fractional shares. Until surrendered, the Company will deem outstanding old certificates held by shareholders to be cancelled and only represent the number of whole post-Reverse Split shares of our common stock to which those shareholders are entitled, subject to such treatment of fractional shares. Any old certificates submitted for exchange, whether because of a sale, transfer or other disposition, will automatically be exchanged for new certificates. If an old certificate has a restrictive legend, the new certificate will be issued with the same restrictive legend.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Fractional Shares

We do not currently intend to issue fractional shares in connection with the Reverse Split. Therefore, we will not issue certificates representing fractional shares. In lieu of issuing fractions of shares, the Company will round up the fractional share to the next whole share.

Accounting Matters

The proposed Reverse Split Amendment will not affect the par value of our common stock per share, which will remain \$0.001 par value per share. Reported per share net income or loss will be higher because there will be fewer shares of common stock outstanding.

Board Discretion to Implement the Reverse Split

The Board of Directors, in its sole discretion, may determine to implement the Reverse Split. Notwithstanding the approval of the Reverse Split by our majority shareholders, the Board of Directors, in its sole discretion, may determine not to implement the Reverse Split.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Clear Trust, LLC, having an address at 16540 Pointe Village Dr. Ste 205 Lutz, FL 33558 and telephone number (813) 235.4490.

Consequences if the Reverse Split Amendment is Not Filed

The Reverse Split Amendment to effect the proposed Reverse Split of our issued and outstanding common stock is necessary for us to increase the trading price of our common stock and meet the Minimum Bid Price Requirement of Nasdaq. In order to move forward with our business strategy, key initiatives and plans to grow our business, we must raise additional funds and increase the price-per-share of our common stock. If we do not effect the Reverse Split, in all likelihood we would be unable to maintain our common stock on Nasdaq and we may be unable to obtain adequate capital to expand our sales and marketing efforts, increase our product offerings and grow our business. Without such additional capital, we may be required to scale back or eliminate some or all of our operations, which may have a material adverse effect on our business.

**STOCKHOLDER RESOLUTION NO. 2
APPROVAL OF THE ISSUANCE OF PREFERRED STOCK**

Issuance of Convertible Preferred Stock

On March 22, 2019, the Company entered into a Securities Purchase Agreement (the "Purchase Agreement") with an unaffiliated institutional investor (the "Investor"), pursuant to which the Company agreed to issue to the Investor 20,000 shares of common stock, a warrant to purchase 200,000 shares of common stock and 2,100 shares of Series B Preferred Stock, stated value \$500 per share. The Series B Preferred Stock has a maturity date of one year from the issuance date and the Company has agreed to pay dividends on the outstanding shares of Series B Preferred at the rate equal to 7.5% per annum (increasing by 10% upon the occurrence of each trigger (or default) event). Dividends are payable on the date the shares of Series B Preferred are converted or on maturity. The dividends must be paid in cash or, in certain circumstances, may be paid in shares of Common Stock.

Pursuant to the terms of the Purchase Agreement, the Investor agreed to tender to the Company the sum of \$1,000,000, of which \$500,000 was paid to the Company at the closing on March 22, 2019 for 1,050 shares of Series B Preferred (\$525,000 aggregate stated value) and, at the option of the Investor, an additional \$500,000 may be paid to the Company for another 1,050 shares of Series B Preferred upon the Company increasing the authorized number of its shares of Common Stock.

The Investor may convert the Series B Preferred into shares of the Company's common stock at a conversion price equal to 100% of the mathematical average of the five lowest individual daily volume weighted average prices of the common stock, less \$.03 per share (decreasing by 10% upon the occurrence of each trigger (or default) event), during the period beginning on the issuance date and ending on the maturity date. In the event certain equity conditions exist, the Company may require that the Investor convert the Series B Preferred. In no event will the Series B Preferred be allowed to effect a conversion if such conversion, along with all other shares of Company common stock beneficially owned by the Investor and its affiliates, would exceed 4.9% of the outstanding shares of the common stock of the Company.

As of the Record Date, the Company had 16,018,696 outstanding shares of common stock. If the 1,050 shares of Series B Preferred outstanding as of the Record Date are converted, or assuming the Investor elects to exercise its option to purchase the additional 1,050 shares of Series B Preferred, the total of 2,100 shares of Series B Preferred are converted, the shares of common stock issuable upon such conversion could represent 20% or more of the outstanding shares of common stock of the Company before giving effect to such conversion, depending on the then prevailing market prices of the Company's common stock during the period beginning on the issuance date and ending on the maturity date, as illustrated below.

Hypothetical five lowest individual daily volume weighted average prices of common stock	Conversion price (average market price less \$0.03 per share)	Aggregate stated value of 1,050 shares of Series B Preferred	Number of shares of Common Stock potentially issuable upon conversion*	Percentage of outstanding shares of Common Stock at March 22, 2019
\$ 0.34	\$ 0.31	\$ 525,000	1,693,548	10.57%
\$ 0.32	\$ 0.29	\$ 525,000	1,810,345	11.30%
\$ 0.30	\$ 0.27	\$ 525,000	1,944,444	12.14%

Hypothetical five lowest individual daily volume weighted average prices of common stock	Conversion price (average market price less \$0.03 per share)	Aggregate stated value of 2,100 shares of Series B Preferred	Number of shares of Common Stock potentially issuable upon conversion*	Percentage of outstanding shares of Common Stock at March 22, 2019
\$ 0.34	\$ 0.31	\$ 1,050,000	3,387,097	21.14%
\$ 0.32	\$ 0.29	\$ 1,050,000	3,620,690	22.60%
\$ 0.30	\$ 0.27	\$ 1,050,000	3,888,889	24.28%

*Excludes additional shares of common stock that, in certain circumstances, may be paid on account of accrued dividends upon conversion or on maturity of the Series B Preferred.

The number of shares of common stock potentially issuable upon conversion of the Series B Preferred presents substantial dilution to current stockholders of the Company and may have an adverse effect on the market price of the Company's common stock.

Nasdaq Voting Requirement

The Company's common stock is traded on The Nasdaq Capital Market ("Nasdaq"). Nasdaq market rules require stockholder approval as a prerequisite to approval of applications to list additional shares to be issued in connection with, among other things, the sale or issuance by a company of common stock (or securities convertible into common stock) equal to 20% or more of presently outstanding stock for less than the greater of book or market value of the stock.

Since the conversion price of the Series B Preferred is calculated to be less than the current average market prices and the full conversion of the Series B Preferred could result in the issuance by the Company of more than 20% of the presently outstanding shares of common stock, the stockholders of the Company were required to vote in favor of this stockholder resolution in order for the shares of common stock underlying the Series B Preferred to be approved under Nasdaq rules.

Required Vote Obtained

On the Record Date, the Board of Directors and holders of a majority of the outstanding voting shares of stock of the Company authorized and approved the issuance of the Series B Preferred, and the potential issuance of common stock underlying such Series B Preferred, which could represent 20% of more of the outstanding shares of common stock of the Company.

SECURITIES OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of the Record Date, certain information as to shares of our common stock, Series A Preferred Stock and Series 1 Preferred Stock, all voting capital of the Company, owned by (i) each person known by us to beneficially own more than 5% of our outstanding common stock, Series A Preferred Stock and Series 1 Preferred Stock (ii) each of our directors, and (iii) all of our executive officers and directors as a group. Unless otherwise stated, the address for each beneficial owner is at Long Island City, NY 11101.
